

Make AI work for your business.

Wysh AI makes it simple to get started with smart tools that help you do more – or less – without the stress. **Attract more customers. Eliminate repetitive and manual tasks.** We build simple AI helpers that really work – made for your business and your customers.

Grow your business

More customers, more insights

- ◆ Create and post social media content automatically
- ◆ Send follow-ups and replies to customer leads without lifting a finger
- ◆ Chatbots instantly help customer leads 24/7
- ◆ Discover new insights about your customers or market
- ◆ Make your website better and more helpful

Run your business

Save effort, money, and time

- ◆ Automate tasks you do over and over again
- ◆ Answer customer service questions automatically
- ◆ Use chatbots to handle admin work
- ◆ Let AI look at your data and give you smart suggestions
- ◆ Swap costly software with custom tools built just for you

A home loan provider **gained new leads with 0 effort** using a website chatbot.

A landscaper **saved 12+ hours every month** with automatic client messaging.

When you're ready to get started with AI — just Wysh for it.

Wysh AI makes AI made practical, personal, and powerful for every small business.
